

CAREER TRANSITIONS DATABASE

The South Pasadena Public Library has acquired **Career Transitions**, a new electronic resource offering a comprehensive guide for career changers and job seekers. Library cardholders can access this new resource at the Library or from home from the Online Resources section of the library website.

Career Transitions is a guided, self-paced application that walks a person through assessing strengths and interests, exploring new opportunities, preparing a resume, educational opportunities, networking advice, a comprehensive job search, and applying online. It contains information about career paths, industries, companies, job availability, growth potential and professional associations in an easy-to-use format.

This new electronic resource has been added to the South Pasadena Public Library with funds from the Southern California Library Cooperative and is supported in whole or in part by the U. S. Institute of Museum and Library Services, under the provisions of the Library Services and Technology Act, administered in California by the State Librarian.
