Parking Permits Available On-Line

South Pasadena Police Department is pleased to announce effective Tuesday, October 4, 2011, that overnight street parking permits are now available for purchase online. Residents can access the parking permit program through the city's website www.ci.south-pasadena.ca.us under the Police Department's link.

South Pasadena Police Chief Joseph F. Payne said, "This 24-hour online service was created for the convenience of South Pasadena residents". This new online service will allow residents the ability to purchase parking permits from any computer location, thus eliminating the need to come to the Police Department in person.

Parking permits are available for purchase in increments of one, two, or three days at a time. In addition, residents may also purchase monthly and/or annual permits. This service was created in an effort to make parking permits more accessible and timely as it is available twenty-four hours a-day, seven days a week.
